

Family Commitment to the Cooperative

Redwood Cooperative School is a collective of families who are deeply committed to actively participating in the advancement of our children's education and educational environment. To this end, we work cooperatively to support teachers and staff, provide our children with a quality education at an accessible price, and enthusiastically pitch-in to support and advance our community for the benefit of all its members.

As part of membership in the Redwood Cooperative School, each year families are expected to fulfill the following:

- **Give Your Time** → Actively engage in school communications (e.g. weekly communications and community surveys) and activities, and attend two membership meetings per year (September and May);
- **Share Your Talent** → Perform a family commitment(s) that shares time and talents to support and advance the Redwood community;
- **Invest Your Treasure** → Pay tuition and participate in The Cooperative Fund (our annual fund) with a financial contribution that is meaningful to you.
